SPECTRO | JET-CARE BECOMES MAJOR SPONSOR OF CLASSIC LEAR JET FOUNDATION

The Classic Lear Jet Foundation is excited to announce that Spectro | Jet-Care is now a major sponsor in the restoration of Lear Jet 23-003. The full restoration of this special aircraft to flight processes and phases is critical in preserving Learjet history in Wichita and around the world.

As part of this restoration process Spectro | Jet-Care will bring their unrivalled expertise in both fluid and debris analysis as well as engine trend monitoring, which can provide valuable information and guidance for undertaking maintenance of engines, hydraulic, and fuel systems as well as, in this instance, contribute to restoring Learjet 23-003 to flying condition.

With almost 50 years' experience in providing condition monitoring services to aircraft around the world, its three independent laboratories, located in the USA, UK and Switzerland, are accredited to the highest laboratory and engine trend monitoring standards from UKAS/SAS and LRQA respectively. Find out more about Spectro | Jet-Care here www.jet-care.com

Thank you, Spectro | Jet-Care! Welcome aboard.
